## Monument Gold Project - Exploration Manager Appointment

---

Six Sigma Metals Limited (ASX: **Si6**, **Six Sigma** or the **Company**) is pleased to advise that having entered into the option agreement to acquire the Monument Gold Project (**MGP** or **the Project**) (ASX announcement 25 August 2020), the Company has made the key appointment of Michael Jackson as Exploration Manager, MGP.

Mr Jackson will initially be responsible for reviewing all historic MGP exploration data, geophysical surveys, IP and geochemical work in order to effectively commence planning upcoming drilling campaigns at the Project. Initial Si6 drilling at MGP will focus on extending existing resources at the Korong Prospect, defining resources at Waihi Prospect as well as other regional targets.

Mr Jackson brings to Si6 over 25 years of exploration and resource development experience within Australia, PNG, Indonesia, DRC and Kyrgyzstan, covering all aspects of exploration of gold and base metal projects. Mr Jackson has recently been involved with De Grey Mining (ASX: DEG) and Evolution Mining (ASX: EVN). He previously has worked for a number of major and mid-tier companies including Goldfields, Mt Isa Mines, Normandy Mining, Carnavale Resources (ASX: CAV) and Regal Resources.

Michael is a Member of the Australian Institute of Geoscientists and has completed a Bachelor of Applied Science Degree majoring in geology as well as an Honours degree in Economic Geology.

Commenting on the appointment, Si6's Chairman, Patrick Holywell said: *"We are delighted to welcome someone of Michael Jackson's caliber to head up our exploration program in WA at our recently acquired Monument Gold Project. With MGP located in a tier one jurisdiction in the Laverton Gold District of WA, his previous experience with companies including De Grey and Evolution will no doubt bring superior knowledge and understanding of both the geology and the potential that the Project demonstrates. We welcome Michael to the Si6 team and look forward to working together to prepare for our upcoming maiden drilling programs."*

This announcement has been approved for released by the Chairman of Si6.
